

## **CYHAWDATAPROC0319**

### **Data Processor – Drone Imaging**

**Location:** Livingston, West Lothian

**Salary:** Competitive, DOE

**Contract:** Full time, Permanent

As a young and growing company, we are looking for a **Data Processor** who can multi-task as our business develops.

Reporting to the Survey Manager, this role will primarily involve image and video processing and analysis.

#### **Data Processor - Responsibilities:**

- Processing aerial imagery using photogrammetry software such as Agisoft or Pix4D
- Image editing using Adobe Photoshop or similar
- Video editing using Adobe Premiere Pro
- Working with pointcloud datasets
- Creating virtual tours
- Liaising with operational and technical managers

#### **The Ideal Candidate:**

Our employees are talented people, distinguished by technical excellence, with a willingness to embrace team working and a passion for client service. You will be able to demonstrate a similar supportive, flexible and driven ethos.

Desired but not essential:

- Previous experience in image or video editing
- Previous experience with photogrammetry software
- Previous experience with CAD or BIM software
- An eye for detail and the ability to work to tight schedules
- Strong time-management skills and attention to detail

#### **About us:**

Cyberhawk is the world leader in aerial inspection and land surveying using Unmanned Aerial Vehicles (UAVs). Cyberhawk conduct close visual and thermal inspections of industrial assets both on- and off-shore such as flares, wind turbines, utility transmission towers and bridges. Cyberhawk also delivers state-of-the-art aerial land surveying and complimentary visual asset management software solutions.

#### **Package Description**

We value our employees highly and we want you to feel valued. You will receive a competitive basic salary commensurate with experience. You will be entitled to 30 days holiday per year (inclusive of Bank Holidays).

We are ideally looking for candidates to be situated within the central belt of Scotland.

**If you feel you have the necessary skills and experience to be successful in this role click on “APPLY” today, forwarding an up to date copy of your CV for consideration in the first instance.**

No agencies please.
